

MARYLAND EXCELS

CHECK FOR QUALITY EARLY CHILDHOOD
AND SCHOOL-AGE PROGRAMS

PROGRAM COORDINATOR CONTACT LIST

The role of the Maryland EXCELS Program Coordinator is to provide support to programs participating in EXCELS, help programs navigate the EXCELS website and system, and facilitate the progress of assigned programs as they move through the EXCELS check levels.

Program Coordinators review all materials and evidence justification submitted by programs, verify and/or ask for additional information, provide a rating based on the submitted evidence, and calculate the ratings when materials have been reviewed. Program Coordinators also provide email, telephone, and/or technical support for participating programs, or make referrals for more formal Technical Assistance.

Program Coordinators are responsible for facilitating program feedback that will inform Maryland EXCELS Leadership of any needed system improvements and professional development requirements.

For general inquiries that can be addressed through email, please contact admin@marylandexcels.org
